The Value Builder System

The Value Builder System™

CREATE A PREDICTABLE RECURRING REVENUE STREAM FOR YOUR FIRM

Certified Value Builder™

100% We are 100% Advisor led. A business owner cannot access The Value Builder System without having a Certified Value Builder.

71% Businesses with a Value Builder score of 60+ get acquisition offers that are 71% greater than the average scoring business.

33% The percentage of owners who complete their Value Builder Score and then go on to hire their Certified Value Builder for an assessment.

THE VALUE BUILDER SYSTEM™

The Value Builder System is a statistically proven methodology for increasing the value of a company. The business owner and their Certified Value Builder login to our secure platform to access a suite of tools designed to build company value over time. The business owner and their advisor can also login to track their progress against a variety of value-building goals.

THE METHODOLOGY

The Value Builder System methodology starts with a round-table meeting between you and your client. Working shoulder-to-shoulder with your client, you will log in to The Value Builder System where you can see and analyze their ongoing performance against the key drivers of value. Each month, The Value Builder System will assign a different value-building exercise for you to work through with your client. Each year, you will complete a full assessment so your client can track the increasing value of their company. The Value Builder System is designed to be the basis of a multi-year, ongoing coaching relationship between you and your client.

Certified Value Builder™

BENEFITS

- Recurring Revenue**
The Value Builder System is designed to create a recurring revenue stream for advisors. Our methodology is based on a 12-month engagement between advisor and client that naturally renews every year.
- Professional Credentials**
We offer the Certified Value Builder designation, which grants you with a professional designation you can display on your marketing materials and professional profile.
- A Value Building Methodology & Tool Set**
More than just diagnosing the factors that drag down your client's value, The Value Builder system gives you a complete methodology powered by value analysis tools for appraising the value of your client's business.
- Practice Building Marketing Materials**
As a Certified Value Builder you'll have access to a suite of marketing resources. You also have access to Practice Builder, our free one-on-one training program designed to kick start the growth of your value building practice.
- Market Research**
Every quarter we publish the Velocity Trader research, which reveals the liquidity in the private business markets and is the largest study of its kind in the world.

BUILT TO SELL

The Value Builder System was designed by John Warrilow, the author of the international bestseller, *Built to Sell: Creating a Business That Can Thrive Without You*. He also contributes regularly to *inc.com*. In 2008 John was recognized by *Forbes Magazine's* "Who's Who" list as one of America's most influential business-to-business marketers.

John's new book, *The Automatic Customer: Creating a Subscription Business in Any Industry* was released in February 2015.

The franchise way- a good alternative to buying a business? Arguments in favour

We are often being told that the UK has a competitive and unsteady job market. With almost 900,000 young people unemployed and a record number of university graduates out of work, it's no surprise that young people in the UK are growing increasingly jaded when it comes to their future prospects ... >

The whys of selling or buying a business

In the world of mergers and acquisitions, there are typically several hundred transactions per week. While many of the multibillion dollar, cross-border transactions attract most of the press coverage, a vast majority of deals involve micro- and middle-market companies. These transactions involve mergers, acquisitions, leveraged buyouts, management buy-outs, or recapitalizations, and involve companies ... >

The screenshot shows the top portion of the Qaravan website. The browser address bar displays 'qaravan.com'. The navigation menu includes 'Home', 'Features', 'About Us', 'Pricing', 'Sign In', and a 'Try Qaravan Free' button. The main hero section features a dark blue background with a silhouette of a caravan of camels against a sunset sky. The headline reads 'See UBPR in a new light with Qaravan'. Below this, a sub-headline states 'We've re-imagined the Uniform Bank Performance Report as modern, interactive software.' and a prominent orange 'Try Qaravan Free' button is centered. A smaller note below the button says 'No credit card required'.

This screenshot displays a dashboard interface with a line chart. The chart shows data points over time, with a tooltip highlighting a specific data point. The text 'Familiar?' is visible on the left side of the chart area, suggesting a comparison to a familiar reporting format.

The screenshot shows a section titled 'Under the Hood' with two feature cards. The first card, '24/7 Support', includes an icon of a person and text describing convenient help features. The second card, 'Bank Grade Security', features a padlock icon and text describing US data center infrastructure, private infrastructure, hardened firewall, and 256-bit encryption. A 'Find out more here' link is provided at the bottom of the security card.

This screenshot shows a section titled 'Discover What's Inside' with a background image of hands pointing at a tablet. The text 'Discover What's Inside' is partially visible. An orange 'Try Qaravan Free' button is positioned below the text.

The screenshot shows a contact form on a blue background. The form includes input fields for 'Name' and 'E-mail', and a larger text area for 'Message'. The text 'Discover What's Inside' is partially visible on the left side of the form.
